SUMMARY

Senior Engineer with 10+ years of experience delivering scalable user-facing systems across fintech, SaaS, and developer tools. Active contributor to the open-source communities for [typescript-eslint](https://github.com/typescript-eslint/typescript-eslint) and [MDN documentation](https://developer.mozilla.org/en-US/docs/Mozilla/Developer_guide/Tools/MDN_documentation). Also an active contributor to the [Unbuilt.app](https://unbuilt.app) project, an application that tells you which technologies were used in a given app.

SKILLS

Tech: Javascript/TypeScript, Ruby, Python, ReactJS, VueJS, NextJS, NodeJS, NestJS, Ruby on Rails
Tools: Git, Bash, Docker, CI/CD, PostgreSQL, MongoDB, Supabase, REST, GraphQL, tRPC, Unit/Integration test

EXPERIENCE

Software/Product Engineer, Consulting

July 2022 – Present

Stack: Typescript/Javascript, React, NestJS, Rest, Cypress, RTL, SonarQube, Segment

Achievements:

- Senior Software Engineer @ Top-3 Global Consulting Firm (NDA)
 - Building a high-load Figma-meets-Excel data platform for analysts. Delivering new features, fixing bugs, planning, testing, and refining user flows in collaboration with PMs and designers.
- Founding Engineer @ YC-Backed Fintech startup
 - Founding Engineer owning full-stack delivery, design, dev tooling, analytics, and GTM support. Shaped MVP and worked directly with founders.
- Researched generative UI patterns using OpenAI API, LangChain, and Replicate. Explored AI-augmented developer tooling and design systems, focusing on how LLMs can improve workflows, interface generation, and user interactions.

Technical Lead, SmarterContact

Jan 2021 – July 2022

Stack: ReactJS, Typescript, NodeJS, Firebase, Google Cloud, react-query, MobX, Jest

Achievements:

- Led team of 5 FE + 2 QA, built frontend from scratch, launched product. Acted as architect & stakeholder liaison.

Senior Front-end Engineer, proSapient

July 2019 – Feb 2021

Software Engineer, Luxoft

May 2015 – July 2019

EDUCATION

Central Ukrainian National Technical University

BS, Computer Engineering
